#### How DoctorsInternet.com Works to Help Dental Practices Succeed

Before we begin to market for our clients, it is imperative to learn as much as we possibly can about their practices, the services they want to highlight and the patient population they are looking to reach. Below is an example of a DoctorsInternet marketing questionnaire which identifies keywords, neighborhood names and zip codes that the dentist wants to target to attract new patients.

DoctorsInter Helping Local Patien	nets fs Find You Online Contact Form
