

BACK TO SCHOOL

START THE SCHOOL YEAR WITH A HEALTHY SMILE!

As every parent knows, getting ready for the start of a new school year is a hectic time. It's best to do some back-to-school planning to help your child start the academic year on the right foot. While getting the correct school supplies is essential, it's also an excellent time to check your child's overall health. One key to avoiding setbacks is to make sure your child's smile is in tip-top shape!

Remember, a healthy, beautiful smile not only protects a child's oral and overall health but also affects their emotional development, self-image, and self-esteem. As you care about your child's well-being, so do we. With back-to-school checkups and care from the office of Astoria Modern Family Dental, your child can enjoy all the benefits of a healthy, attractive smile.
